Capitol Heights, MD 20743

Hello,

The Green Scheme would like to thank the High Road School of Prince Georges County for their participation in our 2011 R3 (reduce, reuse, recycle reuse) Coat Drive. This year we were able to raise over 350 coats and distribute them to men and women in need at various shelters in the District of Columbia. With your help we were able to help keep many people warm over the holidays and do it in an environmentally sustainable way.

Thank you for all of your support,

The Green Scheme Team
