To Whom This May Concern:

I just want to say "Thank You" to the High Road Staff for helping my daughter out during her stay until she graduated in 2010.

My daughter Ashley Pannell attended High Roads and loved it during the time she attended.

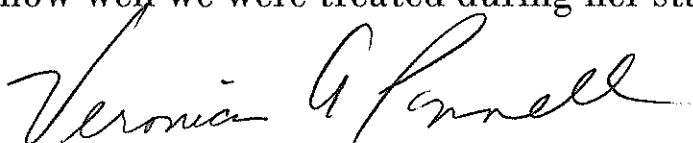

She learned many things while attending this school. She got along with everyone as if they were family. When she first started she was very bashful and did not interact with many of the students. As time went on she loved the incentive programs that were offered, etc.

She also started with good attendance but moved up to excellent attendance when she departed from High Roads. I would like to commend the faculty and staff for such a superb job while coaching/teaching/encouraging my daughter while she was attending this school.

I feel she has really built up her confidence level and has learned how to communicate with others. She is more outgoing and not as bashful anymore.

As I close, I would like to say this is the best school in P.G. County and I feel this school as an excellent faculty. My personal experience with everyone is how well we were treated during her stay there.

Sincerely yours,

Veronica A. Pannell, parent of Ashley Pannell
