

## **MOST IMPROVED STUDENT OF THE MONTH**

I am Eric Givens, a 7<sup>th</sup> grader at High Road School of Southern Maryland. Since I've been here I have been able to achieve more than I thought. When I get frustrated there are people to talk to. I worked my way up to blue level and get to attend a lot of field trips and play sports. I thought I was going to hate it here, but I don't. I actually like it and have fun. I also like my teacher Mrs. Vagell. We laugh a lot but still do our work. .
