

STUDENT OF THE MONTH

My name is Michael Worthy and I am a 10th grader at the High Road School of Southern Maryland. I enjoy art and I draw a lot in my spare time. I recently changed classrooms and it has really helped me to avoid negativity. I like being a mentor in my new class. I am hoping to return to public school soon, but I have a few more things to work on. I am steady improving though, and things that used to bother me before don't seem important anymore. I owe a lot of these changes to my time here at High Road.
